

August 29<sup>th</sup> 2006

SUBJECT: Long Distance Termination of services in Illinois-708-3580564

Dear Eileen Mendez:

As required by the FCC, we are writing to inform you that as of October 1<sup>st</sup> 2006 GlobalPhone Corporation will no longer be providing your direct dial long distance service in Illinois.

If you decide to maintain a direct dial long distance on your phone line, you must select a new long distance provider as quickly as possible, but no later than October 1<sup>st</sup> or you may lose your long distance service. FCC requires that we provide 30 day notice to our customer of our intent to terminate long distance service. There will be no direct dial long distance associated with your account as of October 1<sup>st</sup> 2006.

Generally, you can find a list of most long distance service providers in your local telephone directory. If you require assistance, please contact GlobalPhone Corporation at 1-800-705-5033 press 3 between the hours of 8:00 AM – 5:00 PM EST, Monday through Friday.

If you select a new long distance provider, you should contact your local service provider to ensure that both your long distance and your INTRA-lata toll calling plan are with the provider of your choice.

Even though GlobalPhone will not be providing the long distance on your phone line, you will still be able to place calls from your line or from any US phone by dialing GlobalPhone's US access number, 1-800-705-3304. This will allow you to continue to take advantage of our low rates.

We apologize for the inconvenience this may have caused but felt we could no longer retain the direct dial service in Illinois. Please let us know if you have any questions or if we can be of any assistance.

Sincerely,

GlobalPhone Corp.
